

Experience the Difference

{ Commitment to Your Care }

It is a feeling which cannot be described; only experienced. When you walk through the doors at the dental office of Dr. Craig Friedman and Dr. Heidi Lewis, from the greeting you receive to the personal attention given, you will immediately notice the difference. This is how our patients describe us and what accounts for our extensive number of internal referrals. Through a combination of advanced technology and individual care, our goal is to create a positive dental experience while providing quality treatment which promotes good oral health.

Dr. Craig Friedman was raised in North Miami Beach and a graduate of North Miami Beach Senior High School. Upon entering the United States Air Force, Dr. Friedman served for twenty one year's including Active duty and Reserve duty. In 1993, he graduated from Southern Illinois University School of Dental Medicine and continued his education with a one year hospital based dental residency at Washington University and Jewish Hospital in St. Louis, Missouri.

Dr. Friedman, along with his wife and two daughters, returned to South Florida and opened his office in Weston in 2001. He has been committed to developing trusted long-term relationships with his patients from the onset.

Dr. Heidi Lewis joined the practice in January 2008 and shares the same high standard of care and attention to detail as Dr. Friedman. Dr. Lewis is originally from New York and graduated from the State University of New York at Buffalo in 2000. She completed a one year hospital based residency at the Jersey Shore Medical Center in Neptune, New Jersey. Dr. Lewis was in private practice in New York and New Jersey until she relocated to South Florida in 2004 with her husband and two sons. Her goal is to create a relaxed, positive experience for all her patients.

In order to provide nothing but the best to our patients, our office uses state-of-the-art technologies in our procedures. These new technologies allow us to treat dental cases with extreme precision, detect dental concerns at early stages, and provide stunning and customized restorations. When you visit our office you can be confident that you are receiving outstanding care using the latest advancements in dental technology.

Our family and cosmetic practice provides treatment for adults and children. We offer a broad range of services including preventative care to maintain a healthy mouth, restorative care, crowns, veneers, non-surgical gum treatment, implant restorations, in-office tooth whitening and cosmetic reconstruction to create the smile you deserve. Located at 2863 Executive Park Dr. Suite 101 please visit our website to learn more about our office at www.WestonSmiles.com
